## Greta, your wise investment

Greta is an apartment building just a few steps from the beach. Surrounding it, we can enjoy the palm trees and the luxuriant jungle with its spectacular views and a very tropical feel. Distributed in 6 floors, each of its 22 units is beautifully furnished and fully equipped.

## WHY PUERTO MORELOS?

The real question should be “Why not?”

A strategic location in the Riviera Maya: a mere 20 minutes from Cancun, 18 minutes from the airport, 30 from Playa del Carmen and 120 from Tulum.

It is the fastest growing real estate market in Mexico. A thriving destination with a great surplus value.

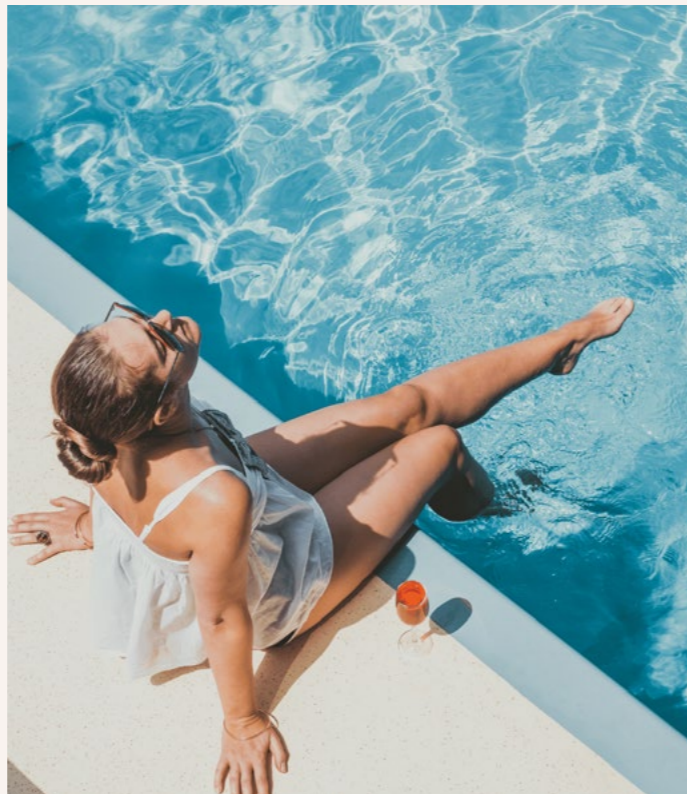

Natural treasures: a tropical jungle, cenotes, Caribbean beaches and the second largest barrier reef in the world.

The serenity of a small city. The pizzazz of a Cosmopolitan destination.
