Our track record *and* *quality* support us

Hodela is the result of the effort and experience of great professionals in the industry, a project that, without a doubt, is destined for success.

Grupo Logar

A family-owned company that, since 1958, has achieved success in real estate development, creating high-impact projects in Mexico City and for the past 45 years in Cancun. Grupo Logar's experience expands from commercial buildings, industrial complexes, corporate and residential developments.

Artigas Arquitectos

Founded in 1939, with over 3,000 projects in 87 cities across America and Europe. Artigas has been a key ally for the project, with its vast worldwide experience and a team of over 230 passionate and dedicated architecture professionals.
